

Technical Report

CHEMEX Paint Remover

Chemex Paint Remover is a gel base paint remover. This ready-to-use product quickly penetrates to remove paint, decals, gaskets, glue and labels from surfaces. Chemex Paint Remover washes off with water or solvent. Chemex Paint Remover is safe to use on metal, brick, terrazzo, ceramic and wood. Heavy, viscous formulation clings to all vertical surfaces. Works well on highly porous surfaces as a graffiti remover. Chemex Paint Remover contains a chemical seal to prevent the evaporation of paint removing solvents.

Features and Benefits:

- Non-flammable
- Gel based formula clings to all vertical and irregular surfaces
- Removes a wide range of paints and surface sealers from metal concrete and wood
- Ease of Use – Simply spray on and wipe or rinse off
- Adheres to surfaces for long dwell time

Gel formulation paint remover quickly removes paint, epoxy, lacquer, decals, gaskets, shellac, enamel, varnish, labels, carbon deposits, silicone and simulated wood paneling. Product will not run.

For use by auto dealers, paint shops, maintenance departments, engine rebuilders, factories, furniture refinishers, painters, sign builders, schools, motels, hotels, hospitals and offices. For use on metal parts, plaster, concrete, tile, glass, ceramic, engine parts, valve seals, paint guns, paper, wood, stone, masonry and cylinders.
